

82°E EXPANDS: LAUNCHES BODY CARE CATEGORY

The product range is created with our unique SYMBALANCE™ technology and embraces holistic self-care

National, 18th January, 2024: After a year of making strong strides in skincare, 82°E announces its expansion into a new category: Body Care, thereby bringing its science-backed formulations and holistic self-care philosophy to another essential part of everyday life. Taking forward 82°E's established Cleanse-Hydrate-Protect routine, this new category is being launched with four unique products: **Gel Body Cleanser with Apple and Panthenol, Body Milk SPF 20 PA ++ with Coconut and Ceramides, Crème Body Cleanser with Moringa and Panthenol, and Body Lotion SPF 20 PA++ with Saffron and Ceramides**, each formulated with 82°E's distinctive SYMBALANCE™ technology.

82°E's SYMBALANCE™ technology combines skin-friendly materials that help in the management of good bacteria and bad bacteria to ensure overall healthy skin. Further, this technology enhances the high-quality, high performance and effectiveness of the newly launched Body Care products.

"We are thrilled to launch our new Body Care category and we invite our community to prioritise the often-overlooked realm of body care, with our new range. While such care is mistakenly deemed mundane, we have curated a range that not only redefines the significance of self-prioritisation but also champions the pursuit of leisure as a key element in achieving personal resolutions. This collection is more than a product line; it's an embodiment of our brand's philosophy—an extension of self-care." said **Deepika Padukone, Founder, 82°E.**

82°E's Body Care range encourages consumers to embrace the art of leisure—moments that are a nourishing and freeing retreat from the whirl of our modern lives. The four new products are carefully crafted for two distinct routines catering to different skin types under 82°E's signature CHP (Cleanse-Hydrate-Protect) routine. This significant move represents an extension of the brand's core philosophy: an unwavering commitment to self-care.

The Body Care range is exclusively available at 82e.com and will be available at an **introductory price of INR 990 for the Cleansers and INR 1800 for the Body Milk and Lotion**. All 82°E products are carefully crafted by conscientiously sourcing ingredients, PETA approved, vegan and cruelty-free, and free of sulphates, phthalates, and parabens.

About 82°E
